Max Ventures enters real estate

New Delhi: Analjit Singh-controlled Max Ventures and Industries Ltd (MVIL) has taken up three projects—one residential and two for office spaces—as part of its plan to enter the real estate sector. Under Max Estates, MVIL is taking bookings for a boutique residential development in Dehradun that will house as many as 40 high-end villas at an asking price of Rs13,000 per sq. ft. Max Estates will also develop two sites in Delhi-NCR, adding up to around 1 million sq. ft, into commercial and office space complexes.
